

Welcome to the Village Voice Treasure Hunt – there are no prizes, but we hope you find it enjoyable.

Once at the start, all the clues in this treasure hunt can be seen from the pavement. A few clues are on the right-hand side of the road but are visible without needing to cross the road. The clues and answers are sequential so you should be able to tell if you have missed one.

You could return to the start across the fields via the footpath from the bottom of the destination car park, but you will need wellies as the footpaths are muddy.

A question sheet that you can print off at home is available on the website and the answers will be posted between Christmas and New Year.

No.	Clue	Answer
1	Start at the pub with the most common name in the UK	
2	Mid Spring Cottage
